## Oshkosh Area United Way

### FUNDED PROGRAMS

Oshkosh Area United Way focuses on three key initiatives: Mental Health, Steps to a Living Wage and Early Childhood Education - things everyone can support!

We raise money through our annual campaign and award grants to local programs to maximize the impact of their services. This allows them to do **more** good work for those in need, while spending **less** time fundraising.

There is a great need in the Oshkosh area, but we believe that the goodwill of Oshkosh area residents is even greater. Here are the programs we financially supported in 2020.
