

Oshkosh Area United Way focuses on initiatives promoting health, education, and financial stability - Things everyone can support.

We raise money through our annual campaign and award grants to local programs to maximize the impact of their services. This allows them to do **more** good work, while spending **less** time fundraising. **That's a win-win for those in need.**

There is a great need in the Oshkosh area, but we believe that the goodwill of Oshkosh area residents is greater. Below are the programs we financially supported in 2019.

UNITED WE WIN

THE UNITED WAY DIFFERENCE
