25 Ideas for Your Workplace Campaign

DID YOU KNOW? The most successful campaigns use more than one way to reach their employees. It is said that for someone to really get a message, they need to hear it at least three times. There are a variety of ways to communicate the work of the Oshkosh Area United Way through in-house communications, events and promotions.

- **Kickoff events** can help generate enthusiasm and support for your campaign. Involve senior management and CEO's to talk about how they LIVE UNITED. You can plan the kickoff event for an already scheduled staff meeting, so employees do not have to change their schedules. Invite United Way speakers, and include United Way promotional items. Distribute pledge forms and campaign materials- people give when the idea is fresh in their minds.
- **Communications** Keep employees informed about the progress of your campaign and share the final results with them. Announce winners of contests, games and incentives to encourage more people to get involved. Create special displays to share United Way information and pledge forms. Put United Way information on your website. Share United Way information in your emails.
- **Games and Competitions** engage employees in team spirit, create awareness and motivate them to get involved.
- **Special Fundraising Events** keep everyone excited about your United Way campaign. Special activities are a great way to have fun and boost awareness about the Oshkosh Area United Way.
- **Donor Recognition** Recognition is important, so say thank you often. Announce the final campaign results and thank employees with a personal letter. Create awards or traveling trophies to keep in your company recognizing your highest donor. Create a poster with photos of your employees participating in fundraising activities. Run a thank-you letter in your company newsletter.
- **Give your campaign a theme!** Catch the Spirit, Join the Winning Team, United We Stand, United Way begins with "U", Building a Better Community, etc....
