

ONE COMMUNITY ONE GOAL

United
Way

Oshkosh Area United Way

2019 ANNUAL REPORT

FROM THE DESK OF MARY ANN L. DILLING

2019 was a considerable year of connection for Oshkosh Area United Way and the greater Oshkosh area. It is no secret that there has been a growing need in our community, with numerous partners actively engaging in solutions. We set out this last year with a generous campaign goal to fund these partners and wow, did you respond! You donated, welcomed us into your companies, connected us to new partners and helped spread the word of the challenges in our community. It's because of change-makers like you that we were able to meet with so many generous friends. 1st shift or 3rd shift, givers or non-givers, new donors or committed alumnae; we welcomed every opportunity to connect with as many people as we could. Your commitment and support resulted in our highest campaign to date!

This year we were able to fund over 34 programs working to promote mental health and wellness, break down barriers to employment and offer additional educational opportunities to our younger generation. They are truly changing lives of the residents around us as you will see in our impact report. We are proud to partner with these programs and share their success stories with you.

We celebrate the work that has been put into this year but we know there is a long way to go. Take a look to see who has lead the charge in fundraising and those partners who are brand new. Despite this year's success, approximately only 7% of the companies in the Oshkosh area are affiliated with our community through the United Way. What if 50% of Oshkosh companies impacted our community? What if 75% invested? How many more programs and residents could we help through 100% participation? We believe we can get there but not without your help. Continue connecting us with Oshkosh partners. Invite us to meet your teams, advocate for the programs we fund, help tell our community's story. With your support we can unite our neighbors with sustainable hope for the future.

We cannot say thank you enough for believing in our community and giving your time, talent, and investments to this year. We are proud of where 2019 brought us and look forward to an impactful 2020.

Yours truly,

Mary Ann L. Dilling, CFEE
President & CEO
Oshkosh Area United Way

**UNITED
WE WIN**

Over 12,000

calls were answered by
United Way 2-1-1;
Oshkosh is the highest call
volume location in
Northeast Wisconsin

31,452

meals were delivered to
Oshkosh homebound
seniors who also enjoyed
the companionship of
a volunteer

13,331

books were distributed to
children to help strengthen
their reading ability and
readiness to learn

99%

Oshkosh stay in our
community

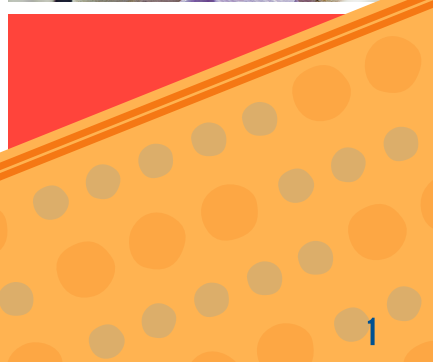

Over 26,000

pounds of food was given
out to local children in
low-income families

10,477

child visits received free
dental treatment and learned
about preventative
dental care

1 in 3

people are impacted by
a United Way
program

2,547

basic needs items were
distributed to children living in
poverty

2019 FUNDED PROGRAMS

UNITED we fight to meet the needs of our community members. The generous campaign of 2019 funded over **34 programs** working for mental health, financial stability and early education in the greater Oshkosh community.

MENTAL HEALTH

There is a growing need to support mental health in the Oshkosh area. We financially support programs that connect residents to health and human services, provide healing and crisis intervention and promote positive social connectivity.

STEPS TO A LIVING WAGE

Oshkosh Area United Way supports efforts to create financially stable, self-sufficient households by supporting programs that improve skills to successfully gain employment, reduce transportation barriers and provide basic needs such as food, clothing and shelter.

EARLY CHILDHOOD EDUCATION

Expanding and providing access to high quality childcare and education is among the smartest investments we can make. We fund programs that provide parents and children with tools to encourage early childhood development and overall school and career readiness.

EARLY CHILDHOOD EDUCATION

IMPACT STORIES

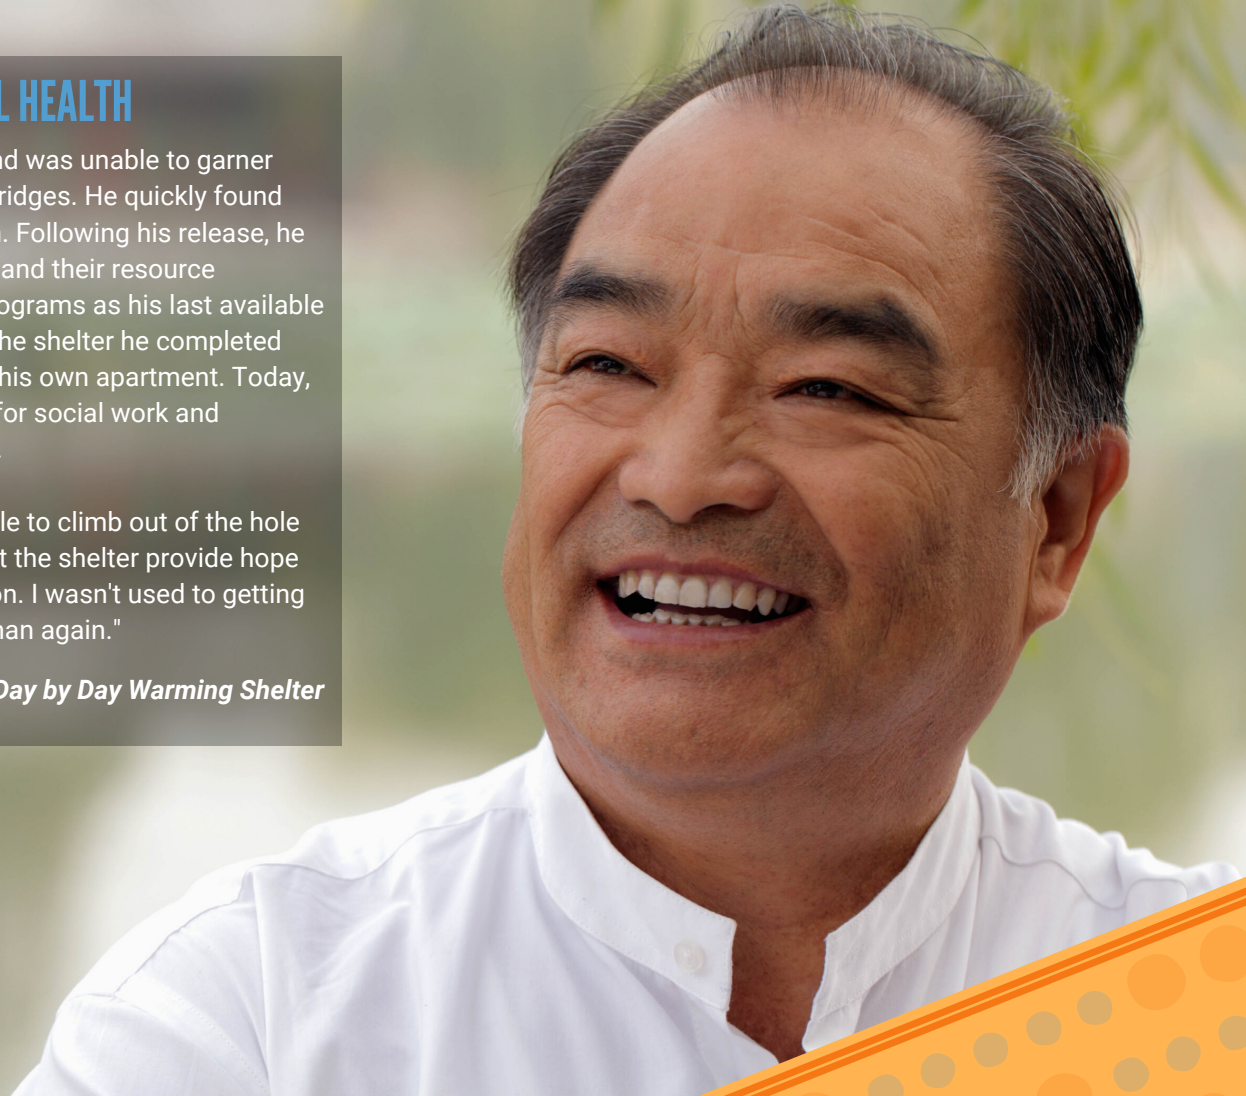

1 in 3 people are impacted by an Oshkosh Area United Way program. These are just some of their stories.

RESOURCE COORDINATION | MENTAL HEALTH

John was struggling with a drug addiction and was unable to garner family support based on previously burned bridges. He quickly found himself in legal troubles and landed in prison. Following his release, he connected with Day by Day Warming Shelter and their resource coordination program. John viewed these programs as his last available option and committed to recovery. While at the shelter he completed 12-step meetings, secured employment and his own apartment. Today, he is sober, completing a Bachelor's degree for social work and completing an internship mentoring children.

"Without Day by Day, I wouldn't have been able to climb out of the hole that addiction put me in. The folks working at the shelter provide hope each day, and treated me like a normal person. I wasn't used to getting kindness, and it started to make me feel human again."

- Day by Day Warming Shelter

BRIDGES | STEPS TO A LIVING WAGE

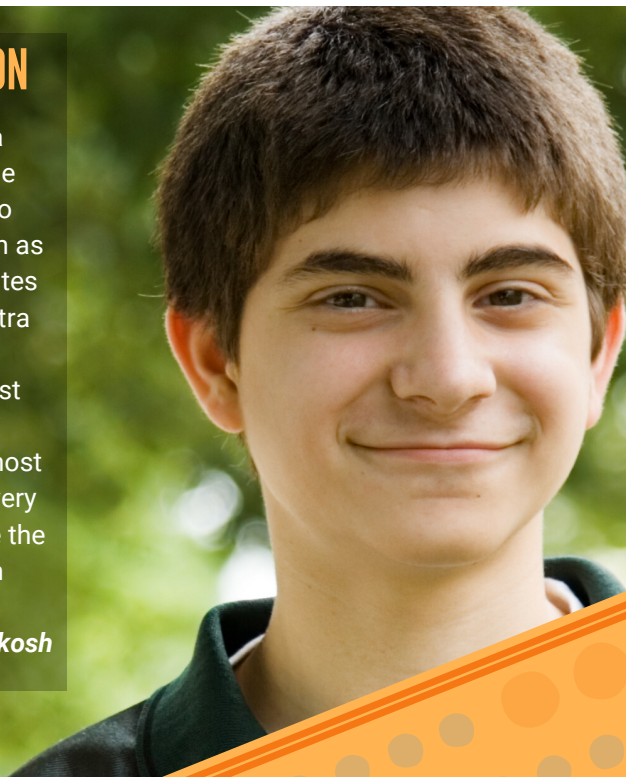

D.K. is a single mother who has found determination despite many struggles in her lifetime. In 2018 she began receiving services from ADVOCAP to achieve her educational, employment, housing and financial goals. She connected with ADVOCAP's Adult Educating tutoring to help pass the FVTC Accuplacer test, later graduating with an Associate's Degree in Human Resources. When D.K. needed additional car repairs she connected with the ADVOCAP Bridges Program to replace her windshield so she could safely drive with her son and continue to pursue her goals. Despite setbacks along the way, she powered through to provide a stable life for her and her son. She is now a junior at UWO to working toward a degree in Human Services.

- ADVOCAP

RADFORD KIDS | EARLY CHILDHOOD EDUCATION

There was an 11-year-old this past year, Brian, who was a very reluctant learner and disliked school. He attended the Boys & Girls Club of Oshkosh every day for a safe place to reside after school and to receive basic needs items such as clothing, school supplies and hygiene items. He participates in the educational programming because he needs an extra layer of support. Through the STEM room and Learning Center, he has discovered education activities that interest him. He now loves all things STEM and joined our LEGO Robotics team. The coaches have said he is one of the most engaged kids in the program. He also does homework every day after school and is participating fully in all rooms like the gym and art room. Brian also maintained his grades from first to second semester.

- Boys & Girls Club of Oshkosh

GIVING TIME & INVESTMENT

Organizations and community members in the Oshkosh area partner with the community by donating time, talent and investment.

In 2019, we reached out to community partners to see how we could help them on a monthly basis! They were eager to respond and we created a monthly collection list based on their needs.

There have been so many companies and community members eager to drop off donations each month. We are so grateful for this additional opportunity to connect Oshkosh organizations to our residents.

2019's Annual Day of Caring saw a **30%** increase in volunteers from the prior year with **171** volunteers representing **28** companies, a **22%** increase in company participation from 2018. Over the course of the morning, volunteers participated in **22** different community service projects throughout Oshkosh. The 2019 Day of Caring provided a collective total of **600 hours** of service equaling approximately **\$15,000** in economic impact for the community.

GIVING TIME & INVESTMENT

There are four panels of volunteers who review all Community Investment grant applications, interview teams and allocate funds to programs in the Oshkosh community. This in-depth process results in an average of over **1,000** donated hours to ensure proper distribution of United Way funds totaling **over \$700,000!**
